

Program of Excellence in Nanotechnology (PEN)

Integrated Nanosystems for Diagnosis and Therapy

Supported by the National Heart Lung and Blood Institute (NHLBI)

of the

National Institutes of Health

Outreach Program

Tuesday, April 14, 2015

Washington University

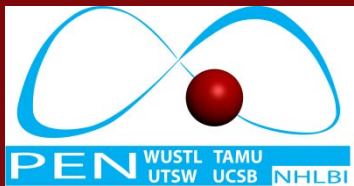

Investigating Nanotechnology:

Three Exciting Experiments:

- Surface Area
- Non-Newtonian Fluids
- Surface Tension

Marian Middle School Students will attend the In-reach Program – specifically designed to encourage and foster science in nanotechnology

Washington University School of Medicine

SKILLS OUTREACH PROGRAM

Principal Investigators: Joe Culver, PhD and Suzanne Lapi, PhD
